SUMARY

Objective-driven Front-end Developer with strong coding skills and demonstrated expertise in creating visually appealing and user-friendly websites. Seeking an opportunity to utilize my experience and contribute to the success of a dynamic organization.

EXPERIENCE

Fullstack developer

4 month-anv tech
2 month -jbs technology

- Developed and implemented responsive web designs using HTML, CSS, and JavaScript to enhance user experience and improve website functionality.
- Experience with creating responsive designs is crucial. Front-end developers ensure that websites look and function well on various devices and screen sizes, from smartphones to desktop computers.
- They might need to work with back-end developers to integrate front-end components with data and services from the server using API.

SKILLS

- Html
- CSS/Css3
- C Language
- Java script
- Jquey
- Bootstrap
- Tailwind Css
- React js
- Node js
